STATEMENT "Q" Sheet #1

- JUNIOR SAFETY DIVISION -

At the close of the Schools, December 20th, 1935, Junior Safety Patrols were operating in 107 schools as follows:

73 Public Schools
18 Catholic Schools
15 Sunday Schools
1 Japanese Language School

2,073 pupils were serving as members.
275 school crossings were under Patrol supervision.
Patrols were on duty from 7:20 A.M. to 6 P.M. daily.
Over 34,000,000 crossings of children are supervised yearly.

No deaths to children have occurred on Patrol crossings since the year of 1928 when the Patrol was established.

No Patrol officers have been injured while on duty.

The following statistics cover children 18 years of age and under:

1935 Fatalities	-----	10
1934 "	-----	8
1926 "	-----	19 (peak year)
1923 "	-----	12
1935 Injured	-----	315
1934 "	-----	338
Reduction	-----	23

City-wide injuries to children OUTSIDE OF SCHOOL HOURS show that there has been an increase of two in the number of children killed and a decrease in the number injured, compared with the year of 1934.

Since the year of 1931, there has been a steady decrease in the number of children injured.

In connection with Child Fatalities and Injuries, I would like to call attention to the dangers confronting children who ride bicycles. The following statistics will show how great this menace is:

1935 --	3 Children were killed while riding bicycles.
" 141	" " injured " " "
1934 --	2 " " killed " " "
" 167	" " injured " " "

STATEMENT "Q" Sheet #2

The following statistics cover deaths and injuries to Minors since the year of 1930:

	<u>Fatalities</u>	<u>Injuries</u>
1930	14	358
1931	15	496
1932	9	417
1933	10	380
1934	8	338
1935	10	315

17 Arrests were made during the year for violation of school ordinances. Ten arrests were made by police officers, and seven by this Division:

2 cases bail forfeited	\$35.00
9 cases fined Police Court	400.00
(In one of above cases, driver given 30 days also)	
2 cases pending - bail \$350.00	
4 cases to Juvenile Court:	
2 cases, boys made wards of the Court	
1 case, driver's license suspended 6 months	
1 case, advised and released.	

117 Drivers were called to Police Headquarters for failure to obey Patrol signals. After explaining to them what was required of the motorist, they were reprimanded and released.

Four cases of interference with the Patrol were handled.

The same splendid cooperation, as given in past years, was continued during 1935 by the Seattle School Board, Supt. of Schools, School Principals, the Automobile Club of Washington, the Northwestern Mutual Fire Association, P. T. A., Seattle Traffic & Safety Council, Street Department, the Mayor and Chief of Police, and the various divisions and Captains of the Seattle Police Department, also the newspapers of the City.

Each Patrol has been given personal instructions in courtesy and their duties in handling school crossings in a safe manner. Our Patrols are not traffic squads, but safety patrols, whose duty it is to protect children in crossing the streets, and to use their influence in the prevention of law violations. Each Patrol was visited at least three times during the year.

A total of 59 Lectures, including radio talks, were given before school assemblies and various other organizations on safety and juvenile delinquency.

STATEMENT "Q" Sheet #3

34 Presentations of merit buttons and certificates were made before school assemblies to officers completing their service, at which times a talk on safety was given to those present.

Total certificates and buttons presented - 1195.

In connection with Juvenile crime prevention, six hundred Seattle Patrol officers, and one hundred forty-five others, from outside communities, made the trip to Police Headquarters for instructions, at which time they were also conducted through the building.

Patrol members participated in four funerals during the year.

On June 2nd, and 16th, with the aid of the Patrol from the Japanese Language School, the picnics of the Japanese Language School and the Japanese Grocers' Assn. were policed. This involved the parking of approximately two thousand cars each day.

On June 8th, the Seventh Annual outing was held. This year instead of a picnic at Woodland Park, we took the patrol members to Playland Amusement Park, purchasing rides and amusement tickets for all. We found that this appealed to them far more than the regular type of picnic. As usual the Auto Club of Washington cooperated in making this event successful.

Twenty requests for information on the Seattle Junior Safety Patrol were received and complied with, and three officers from other cities called in person.

A Patrol was started in both the Ballard and West Seattle High Schools to be used to supervise and protect in loading and unloading the hundreds of pupils who use the street cars in attending their football games.

The members of the Patrol are to be highly commended for their work which, after all is said and done, is the main reason why this Patrol is so successful. These officers make a sacrifice of their time, and they suffer during bad weather, yet they are willing to do all this in order that their school mates may be safer in going to and from school. Many school pupils owe their lives to these officers. It is hard to find words to express to those officers the gratitude of this City for their splendid work. The Police Department also appreciates very much the support and cooperation given to the Patrol by the parents of its members.

STATEMENT "S" Sheet #2.

replaced relay in box 391; made back-board and installed same in Precincts Numbers 2, 4 and 5; installed 4 lines for police radio circuit to Pier 4; cut the north end precincts into the Wallingford Precinct and the south end precincts into the Georgetown Precinct on the economy program.

During the year, monthly tests were made on all Police Signal batteries and police signal lights on system. Also, considerable extra work was incurred - due to the fact that the several precinct stations were to be discontinued during the year. Provisions were made and temporary pairs obtained from the Telephone Company to make this cut-over. As it was necessary to keep all the precinct stations working, this was accomplished by doubling the signal and telephone facilities in the precinct stations to be discontinued and by routing them to the stations to which they would signal in the future, as follows:

West Seattle and Columbia were cut into the Georgetown Station and the Ballard station was cut over to the Wallingford Precinct station. In the above cut-overs, provisions were made so if these precincts were again put back into service, same could be done at nominal labor, material and cost.
